Education

2015–Current	**PhD student**, *Eindhoven University of Technology.* Research in probabilistic modeling of acoustic environments
2012–2014	**M.Sc.**, *National Research University "Moscow Power Engineering Institute"*, Moscow. with honours
2008–2012	**B.Sc.**, *National Research University "Moscow Power Engineering Institute"*, Moscow. with honours

---

Master thesis

title	*Linear and non-linear models in text classification tasks*
supervisors	D. Sc., Prof. Falk. V.N., Shagraev A.G., PhD

Bachelor thesis

title	*Resrach and development of automated classification algorithm for news articles*
supervisors	D. Sc., Prof. Falk. V.N., Shagraev A.G., PhD

Experience

Professional experience

Jan,2015–Aug,2015	**Software Developer**, *Rambler&Co*, Moscow. Web development
Jul,2013–Dec,2014	**Software Developer**, *Mail.Ru Group*, Moscow. GIS Development ○ Support and development of geosearch engine ○ Development of tile rendering engine
Aug,2012–Jun,2013	**Assistant**, *ISP RAS*, Moscow. Software verification

Student supervision

M.Sc. students	○ Ismail Senoz, *"Generative Probabilistic Models for Audio Textures"* - Daily supervision

Teaching experience

Jan,2015– Aug,2015	**Algorithms**, *NRU "MPEI"*, Teaching assistant. Teaching string algorithms, search data structures (heaps, search trees). Creation of problem sets and grading using automated contester.
Sep,2014– Jan,2015	**Graph theory**, *NRU "MPEI"*, Teaching assistant. Teaching practical aspects of graph theory. Creation of problem sets and grading using automated contester.
Sep,2013– Aug,2014	**Software development**, *NRU "MPEI"*, Teaching assistant. Teaching tutorials weekly. Grading problem sets and quizzes.

Miscellaneous

Oct,2014– Aug,2015	**Junior Researcher**, *NRU "MPEI"*, Moscow. Research in machine learning, neural networks, NLP

Languages

English	
Russian	(Native)

Computer skills

Programming languages	Python, Julia, C++
Typesetting systems	LaTeX, Microsoft Office
DBMS	PostgreSQL

Publications
